Richmond Record-Herald

VOL. XXVIII. — EIGHTEENTH | RICHMOND RECORD-HERALD THURSDAY, AUGUST 22, 1918. | NUMBER 34.

W. E. CALAHAN IS MAKING SUCCESSFUL FIGHT FOR ASSEMBLYMAN 18TH DIST.

jority of bills, and in appreciation of his work the State Federation of Labor, as well as the County Federation of Labor have endorsed him for re-election in preference to other candidates.

Our Assemblyman served on the most important committees during the last session, such as County Government, Medical, Engrossment and Enrollment, Public Utilities and Ways and Means are the most important branches of the law-making body and the local man assisted very materially in helping to save the State from expending money for several extravagant and unnecessary projects, feeling there was no need for such outlays when we were about to enter war with Germany.

Assemblyman W. E. Calahan is in Richmond for a few days this week shaking hands with his numerous friends and declares that he is highly pleased with the outlook for his re-election. In talking to a Record-Herald reporter of his visit to other sections of the county, Mr. Calahan stated that he did not expect to please all the people, as that is an impossibility, but declared that his record during the last session of the Legislature would show he had worked for the best interests of a majority of the people. He made a special effort to assist the farmers, having had the Blackbird Bill passed which permitted the agriculturists to poison these pests. He assisted in having killed the pernicious hay baling bill, that would have compelled farmers to pay 15 cents per ton more than ordinary for bailing and also assisted the hay balers, as they would have been obliged to employ an additional man unnecessarily on the presses.

Mr. Calahan looked after the manufacturing interests and was very successful, co-operating with the managers of the leading industries. Labor was given his vote on the main.

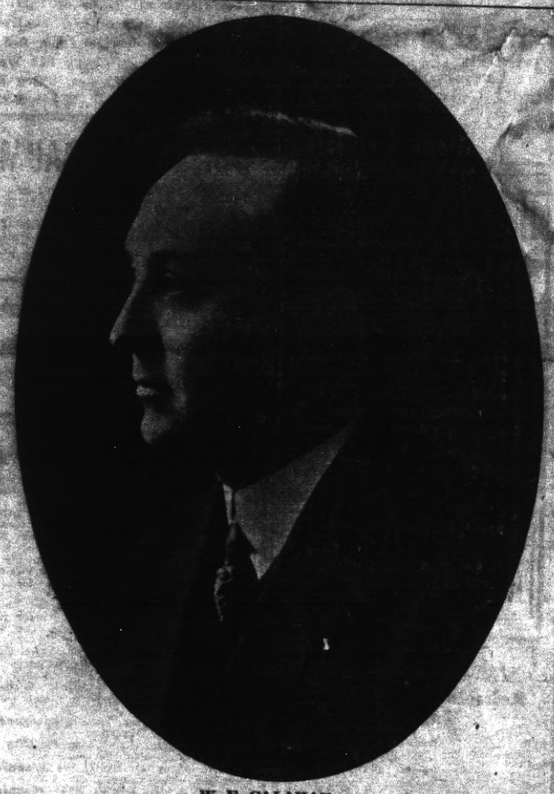
He states his views coincide with those of President Woodrow Wilson with reference to all National matters and believes the State should decide all wet and dry issues and as he is but one of the 17,000 or more voters in Contra Costa county, feels the ballot should decide all important measures affecting all the counties of the State if we desire to continue democracy as we profess.

Regarding the saloon question Mr. Calahan stands today as always, being for regulation, short hours, no music on Sunday, etc. He points to his record when serving as Trustee for Antioch for seven years, he being the first man to assist in enforcing the 1 o'clock closing ordinance, which was long before the State passed the 2 o'clock ordinance. Regardless of this he is held in high esteem by the saloonmen for his honest, sincere and straightforward way in which he treats them.

Mr. Calahan is loyal to his country, being one of the most energetic workers for the Liberty Loan, Red Cross, Y. M. C. A. and Knights of Columbus drives in this county, and the War Savings Stamp and Thrift Stamp campaign, also was a four-minute man but was compelled to resign until his present political activities had been ended on account of being a candidate for office.

He stated today that after a careful survey of the situation his friends as well as many opposed to him conceded his election, as they all realize his ability, which is a great campaign asset.

From a poor boy Mr. Calahan could not have become interested in



W. E. CALAHAN
Candidate for Re-Election as Assemblyman for Contra Costa County.

FEAR RESULTS OF PRIMARIES FOR VEALE'S ASPIRATIONS

It is very evident that the adherents in the upper end of the county of Sheriff Veale are becoming much alarmed over the change in the situation that is daily taking place in this city, for they have resorted to the worn out trick of trying to influence public opinion by giving out the statement that they have money to bet on the present occupant of the office.

From current reports on the streets they have good reasons to be exercised over the prospects, for J. J. McNamara is gaining strength daily, and many are flocking to his standard right along, and voluntarily assuring him of their support, and their friends' support.

The voters think that twenty-four years in office is long enough for any man and simply because he has been as extravagant with his own money as he has been with the taxpayers, is no reason why he should be pensioned for life.

McNamara is one of the substantial citizens of the county, he has been in business in Martinez for years, the butcher business, the ice business, and he is also the head of the Martinez and Benecia Ferry Company.

He promises that he will give the business of the county the same careful attention that he gives his own.

McNamara is not "your friend," "my friend," "everybody's friend," for that simply means you are nobody's friend, but he will be the best friend the taxpayers ever had by electing him to the office of sheriff.

It is stated on the best of authority that McNamara will carry the central portion and the southern portion of the county by a large vote, that he will carry Martinez, his home, city, by a two to one vote, that he will carry most of the towns along the water front, that San Pablo will give him a majority and that Richmond, where the big vote of the county is located, will "go over the top" for him.

It seems to be very generally decided that a change is necessary, and on next Tuesday the voters will go to the polls and by the use of their ballots see that the change becomes effective.

PRESIDENT OF EAST BAY CO. WARNS WATER CONSUMERS

Not only has the United States government directed that water be conserved, but the Railroad Commission has directed us specifically not to deliver water for the irrigation of lawns or gardens, street sprinkling or any other non-essential use until further notice. The important thing for the public to understand is that faithful observance of these wartime restrictions will serve to shorten the time for which the restrictions must continue. The Company regrets the need of limitation in the use of water, but it has been unable to control the delivery of essential equipment. Delay after delay occurred until we were compelled to avoid risk of actual shortage in deliveries of water by curtailing its use for irrigation.

Equipment was installed yesterday which increased our supply by 650,000 gallons per day. The problem is one of transportation of water. This problem can only be solved by the possession of the necessary equipment. A very essential and important piece of machinery, which should have been delivered in June, is now on the way, and should arrive within ten days. The public should realize the effect of war-time conditions on our operations. We relied upon assurances of delivery of equipment, which were not fulfilled simply because government war needs interferred with their fulfillment. With absolute observance of the restrictions by the public, we expect to be able to allow limited irrigation within two weeks' time. We must, however, have the fullest co-operation of our customers.

EAST BAY WATER COMPANY.
By W. E. Creed, President.

PLANS COMPLETE FOR ENTERTAINING MATRONS

Plans have been completed by the special committee from Acantha Chapter, Eastern Star, to entertain the members of the East and West Bay Matrons Association on tomorrow evening at Bank Hall. According to information obtained from the committee, the affair is to be quite an elaborate one and they feel sure that those present will have a very pleasant evening.

WYNN E. WILSON CONVALESCING FROM WOUNDS

Mrs. W. H. Wood, residing at 122 Sixth street received a letter today from her son, Wynn E. Wilson, who not long ago was reported wounded in battle in France by the War Department, "degree undetermined." It is needless to say that the lady is overjoyed at receiving the pleasing news that her son is getting along nicely and at the time of writing was about ready for his discharge from the hospital.

Mr. Wilson is a member of the Marine Corps and was in the hardest fighting in the Marne Salient and it was in one of the charges that he and his brave companions made on that bloody field that he received his wound.

Along with the letter advising

three drug stores and other business enterprises if he were not capable. Therefore being able to manage his own affairs successfully, he surely is capable to handle affairs of the State from the largest to the smallest detail.

GERMAN ARMY FORCE BACK ON FRONT OF 20 MILES

PARIS, Aug. 22.—German troops were forced back over a twenty mile front to a depth of from one to two miles from Lassigny to the Allette River during the night, according to the official statement issued at the war office today. French military men say this makes the fall of Noyon inevitable.

French troops maintained contact with retreating enemy between Matz and the Oise and east of the Otz during the night.

Four villages, Le Plemont, Thiescourt, Cannectancourt and Ville were occupied by the French who have reached the Divette River, the statement says.

Further east the villages of Bourguignon and St. Paul-aux-Bois have been taken. The French reached the Allette River at La Quincy-Basse. The western outskirts of Pommiers, on the Aisne west of Soissons, have also been taken.

The French have reached the Oise on a six mile front east of Noyon, their line extending from Semipigny to Ilastigny.

LONDON, Aug. 22, 12:30 p. m.—In the Flanders battle area the British last night attacked and captured a German position north of Ballieul, securing [illegible] the front today. It is reported that a strong local counter attack made yesterday morning against the Loore Hospice was repulsed after heavy fighting and that sharp combats took place during the night in this sector.

Fresh German counter attacks are reported to have developed east of Miraumont and Irles. The hostile artillery is said to have been very active during the night and to be continuing its heavy fire this morning.

PARIS, Aug. 22.—General Foch is following up his successes by following out his own maxim of "If the enemy has no weak point, make one." He is shifting his thrusts rapier like from Soissons to Lassigny and then to Roye. In each case he is adapting himself to the situation in such a manner as to economize French lives. It is authoritatively estimated that the French losses in the recent fighting have been only a quarter of those usually sustained in similar advances.

Where the enemy is entrenched, Foch's tactics have been to cut in with a quick drive. Where the Germans established their elastic defense, Foch rushed up artillery of all calibers to wipe out the machine gun nests and advanced always around the enemy's strongly held points instead of taking them by frontal attack.

The lastest drive was unlike the surprise of those that preceded it. It was opened with tremendous artillery preparations, the infantry then pressing on all day.

A German officer captured at Thiollet farm said he had been sent forward on observation by his general who had remarked, "the French never attack in the afternoon."

AMERICAN AVIATORS BAG TWO HUN PLANES

WITH THE AMERICAN ARMY IN FRANCE, Aug. 22.—American aviators shot down two boche planes during two flights in the Lorraine sector Wednesday evening.

American bombers also raided Longuyon and Unlergnian successfully.

her of her son's convalescence were several written before the battle and which tell of many interesting things about France and life in the trenches.

WOMEN VOTERS WILL DECIDE WHO SHALL BE NEXT DISTRICT ATTORNEY

The big vote in the county this year is the women's vote, and they are the ones who are going to make sure that for the next four years the office of district attorney will not be conducted along the same lines as it has been for the past four years.

The women believe in clean government, they believe that every protection should be thrown around their homes, they are against the road houses and the assignation houses, and they intend to see that it will not be necessary in the future to almost use a club on a public official before they are able to secure any action.

They remember vividly the Peterson case, and they also remember that Grace Miller, the soiled dove who was used in an effort to publicly disgrace Rev. Peterson, apparently for the purpose that he could not continue his work for good government, and the protection of the young girls of this section and the county, was never prosecuted at any time by the district attorney's office, and it was only public opinion in this city that forced the woman to close up her illegal place and leave for other parts.

There is no man in the county better fitted for the office of district attorney than A. B. Tinning, he has a splendid legal education, has had four years of practice in courts, and the only promises that he is making while touring the county, in his canvass, is that he will see that the laws are enforced without fear or favor.

The sentiment in this city seems to be almost unanimous to the effect that the voters at the primary election will elect Tinning, and the only question now at issue is how large that majority is going to be.

LABORER DIES AT SAN PABLO CREEK

L. B. Lathe, a man about sixty years of age with no known relatives hereabouts, passed away at the Camp of Bates, Borland and Ayers at the San Pablo Creek dam of the East Bay Water Company yesterday evening.

Lathe complained about feeling ill in the early part of the evening and a doctor was sent for, but the man died before medical assistance arrived.

The body was taken in charge by Coroner Bert Curry and brought to this city. An effort is being made to locate his friends and relatives.

FORTY MEN CALLED TO SERVE COUNTRY

Five limited service men are to entrain from this city between the 3rd and 6th of September. They will be trained to do work in the mechanical branches of the service behind the lines. They will go to Fort Bowie, Texas.

Thirty-five men are to be sent out from this city by the local exemption board somewhere between the 3rd and 6th of September, their destination being Camp Kearny. These men are to enter the regular service and will be made up from the baby class of 1918. The list for conscription has not yet been completed by the draft board, but will be published in a few days.

Cashier Ballenger and wife and Mrs. Elizabeth Wright are off on a touring expedition in the Ballenger auto.

SOUTHERLAND IS CALLED EAST TO TRAIN IN AERO CONTONMENT

Frederic J. Southerland, local manager for the Pacific Gas and Electric Company in this city for the past two years and one of the most popular young business men of the city and who enlisted in the Aviation service department last year, has been called to the colors. He received his orders today to report at Fort Omaha, Nebraska, and leaves in the morning for that place where he will go into intensive training.

It is not known as yet who will be the new manager for the Pacific Gas and Electric Company, but the announcement will be made in a few days. Mrs. Southerland will reside in San Francisco during her husband's absence in the service of his country. Mr. Southerland is one among the 480 other young men in the employ of the big corporation who have been called to serve in the present war.

Since Mr. Southerland came to Richmond he has taken part in all our civic activities and is counted among our most valuable citizens. It is considered a great honor for a civilian to be appointed to the school and the best wishes of his many friends go with him and a fervent hope for his safe return to his home and activities of civil life.

Mrs. W. F. Runyan, who has been visiting her sisters' here, has returned to her home in Modesto.

SETTING HOUSE IN ORDER.

The Chicago Tribune remarks that it is much easier to die than to take a vacation. Elaborating on the idea the writer states that a man going on his long journey may set his house in order in an hour, just a few words, either written or dictated, will dispose of his possessions, and his heirs will gladly attend to the details. This done, he may fold his hands on his chest and depart this vexatious life in peace.

It is quite another matter to prepare for a few weeks away from town. There are bills to be paid; the iceman and the milkman, and the laundryman, must be choken off, and the daily paper restrained from littering the door step. There is hair to be cut, and teeth to be tinkered, and so on. In short, it takes days to stop the machinery of living for a fortnight, and days to start it going again. But, my dear, one must have a change.

DIDN'T KNOW ABOUT WAR.

The Sacramento Bee tells a story of a mountaineer discovered near Truckee who until a few days ago did not know that a great war has been raging in Europe for the past four years. Using the incident as a text, that paper says:

"But in the thronged city, cluttering the cabarets, hogging the swill of the gourmandizer hoarding sugar, dodging taxes or yachting the ocean; or wheelchairing the Board Walk at Atlantic City; or in the mine, the shipyard, the munition plants, and in other essential war industries, taxes or yachting the ocean; or elsewhere than in the lonely recesses of the mountain gorge, are those who likewise do not know there is a war.

This ignorant mountaineer is not such a curiosity. But he and his benighted brothers will be enlightened before the American Flag and the Allied standards fly over Berlin.

STANDARDIZED ARMS.

Twenty-eight different models of pistols and revolvers, requiring cartridges of four different sizes, are in use in Germany, according to the Army Verordnungsblatt. The American troops have one model pistol and one model revolver, both shooting the same caliber ammunition. Standardization gives the Americans an advantage in this regard. The United States also has standardized its rifle. Both the model 1917 and the Springfield shoot the same caliber ammunition. Army, navy and marine corps use the same rifle and revolvers.

Newspapers as a rule are long suffering and submit to many indignities on the part of public officials. They would much rather "hoot" any man than "knock" him, even when that individual is deserving of nothing public. That has been exactly the spirit in which some of the public officials of this county have been regarded by the newspapers and especially has this been true in the cases of Veale and Johnston. These men have been entitled to no credit for any act as paid servants of the county, for they have presumed on the ignorance of their constituency to do many things which they knew were flagrantly wrong. They have worked on the theory that what you don't know, don't hurt you. But in that they have been mistaken in many instances. The taxpayers have been aware of many lax and illegal things, but have said nothing about it, preferring to let matters "ride" until an opportunity was offered to change for others who will do their duty. That is the sensible thing to do and that is just what will be done next Tuesday at the primary election.

There is nothing in the story that certain parties are offering to bet on Veale's election. That is a cheap method to influence voters. It costs nothing to offer to bet. If you do lay a bet, according to the election laws you forfeit your right of voting—it disfranchises those who bet, which is a mighty small matter to people who resort to such tricks. It is certain that the sheriff is playing a losing game, for there has never been a time in the history of the county during all the many times Veale has conducted campaigns that his hold on the electors has been so precarious. One of the great faults of Veale's is that he presumes to be the political dictator of the county. No man has a right to aspire to anything in Contra Costa of a public nature without first having gained his sanction. If the aspirant can benefit Veale to any great extent he gets it, otherwise not.

THE SPIRIT OF '76.

The last issue of the Sunset Magazine relates that in the battle of the salient more American troops participated than in any engagement in American history, a few of the principal Civil War contests excepted. Though the casualty lists show that almost every nationality on the globe was represented in the overseas battalions, the spirit sent the boys forward, that gave weight to their advance and dash to their charges, was pure American. On the battlefields of France the United States is demonstrating that the flame of American idealism is hot enough to fuse the variegated contents of the Melting Pot into a homogenous national steel as tough and true as a Damascene blade.

FILM TRIMMING IS HEARTRENDING WORK

In all 120,000 feet of film was exposed in making David W. Griffith's supreme triumph, "Hearts of the World," to be shown Monday and Tuesday at the Richmond Theatre, but only 12,000 feet are shown on the screen. As Mr. Griffith and his camera man spent days and days cutting this precious num—every inch of which was a drop of blood cut out of his heart—the great producer had the saddest period of his life. Every turn of the crank represented th crealization of his desire, the greatest picture ever made, and to have to cut it down to an evening's entertainment—was like cutting off the ears of his favorite child.

A. H. Mackinnon, El Cerrito.

W. E. Williams, Giant.

Frank Conlon, El Cerrito.

G. W. Adams, El Cerrito.

George Valencia, San Pablo.

Frank M. Silva, San Pablo.

NOTICE TO TAXPAYERS

State and County Taxes for the Fiscal Year 1917-1918

Office of the Collector of State and County Taxes, Martinez.

Notice is hereby given that I have received from the Auditor of Contra Costa county the Duplicate assessment book for the fiscal year 1917-1918, and that the taxes on all personal property secured by real property and one-half of the taxes on all real property, is due and payable on the THIRD MONDAY IN OCTOBER and will be delinquent on the first Monday in December next thereafter, at six o'clock P. M., and that unless paid prior thereto fifteen per cent will be added to the amount thereof, and that if said one-half be not paid before the LAST MONDAY IN APRIL NEXT at six o'clock P. M., an additional five per cent will be added thereto. That the remaining one-half of the taxes on all real property will be payable on and after the FIRST MONDAY IN JANUARY NEXT, and will be delinquent on the LAST MONDAY IN APRIL next thereafter, at six o'clock P. M., and unless paid prior thereto, five per cent will be added to the amount thereof.

That all taxes may be paid at the time the first installment, as herein provided, is due and payable.

Taxes are due and payable at the office of the Tax Collector, in the Courthouse at Martinez, Contra Costa county.

MARTIN W. JOOST

Tax Collector Contra Costa County.

Nov 1—Oct 1

CHARMING FILM AT RICHMOND THEATRE

The scenario version of "Up the Road With Sallie," at the Richmond Theatre today, was taken from the the popular book of the same name by Frances Sterrett, and is the work of Julia Crawford Ivers. Mrs. Ivers is a well-known scenario writer who has furnished the scripts for numerous successes. In the present picture she has developed an almost new field of delicious humor and human interest; the result is a photoplay with an ideal admixture of smiles and thrills, admirably adapted as a vehicle for Constance Talmadge, Select's charming comedienne.

RED CROSS SHIPPING SUPPLIES OVERSEAS

Last night the ladies of the Red Cross assisted by boys from the High School prepared eight large packing cases of hospital supplies for shipment overseas. Mrs. J. C. Owens superintended the packing of the boxes, which is a guarantee that they will be found in first class condition upon their arrival at their destination.

This completes the quota for the old shipment and now the ladies are ready to start in on their new quota, which is larger than ever and will take the best efforts of all the workers in the city.

RAGS WANTED—This office is in need of good clean rags, 5 cents per pound will be paid. Record Herald company, 314 Sixth street.

GRAND OPENING OF DILLEY'S NEW STORES

Dilley, the bazaar man is going to give a grand opening at his new place of business at 1518 Macdonald avenue. He has opened up a nice place there and is going to give to the public the same excellent service which has characterized his store at 301 Macdonald avenue and made it popular with all classes of people.

At the function which is to be on Tuesday night, August the 27th, there will be flowers for the ladies and refreshments for everybody. It will be worth your while to attend, for Dilley knows how to do things right.

Reach Richmond	2:25 p. m.

For information call Richmond 1231, Richmond-Martinez, Auto Bus Line.

SAVING THE WATER

The people of Richmond are patriotic and therefore will readily comply with the edict of the powers that be to conserve water. There are some, however, that do not take any of the local papers and who have not yet been advised that lawn sprinkling is not permitted henceforth. These will have to be advised of the situation by verbal notification or a written notice.

PUBLIC NOTICE.

Notice is hereby given that I have this day purchased the furniture, fixtures and good will of the Hotel Maxwell, located at No. 1 and 3 Richmond avenue, and will not be responsible for any debts heretofore contracted by the former owner of the property.

(Signed) JOHN C. GERLACH.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a SERIOUS power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

H. G. BUTLER
Power Administrator.

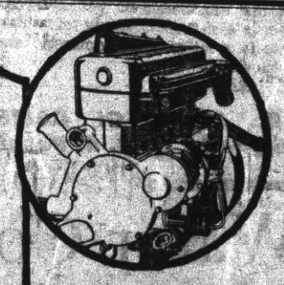
THE MARKETS OF QUALITY

"Proven Entirely Satisfactory"
Only perfect satisfaction can account for the use of ZEROLENE by the majority of automobile owners.
Leading coast distributors also testify that it is "a most satisfactory motor oil."
They know from the records of their service departments—and we know from exhaustive tests—that ZEROLENE, correctly refined from selected California asphalt-base crude, gives perfect lubrication with least carbon deposit. Get our lubrication chart showing the correct consistency for your car.
At dealers everywhere and Standard Oil Service Stations.
STANDARD OIL COMPANY
(California)



Correct Lubrication for the "L"-Head Type Engine
This, the "L"-Head type of automobile engine, like all *internal combustion engines*, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust: ZEROLENE fills these requirements perfectly, *because it is correctly refined from selected California asphalt-base crude.*

ZEROLENE
The Standard Oil for Motor Cars

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking becomes a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble."
By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

DR. M. W. FRASER ARRIVES IN FRANCE

Dr. W. W. Fraser received a cablegram this morning from his son, Dr. M. W. Fraser, first lieutenant in the Medical Corp, 159 United States Infantry, that he had arrived safe in France.

The young man has been stationed at Camp Kearny, near San Diego, where he has been under training for the past year. He is well known to many people in this city and other towns about the bay.

SEVEN RIOTOUS HUNS ARE SHOT BY GUARD

SALT LAKE CITY, Aug. 22. — Seven riotous enemy aliens of the third war prison camp at Fort Douglas are in the post hospital with their bodies full of buckshot as the result of an attack upon a prison guard yesterday.

Tuesday night the prison officers discovered a tunnel which the prisoners had started under one of the buildings in an effort to dig out.

During the night a dozen of them congregated outside their barracks and abused the guard. When he ordered them to desist and retire, the prisoners attacked him with stones.

HERE TO LOCATE

D. M. Logan, brother of B. F. Logan, the well known mail messenger, is here from his Texas home with his family and expects to locate in Richmond.

Subscribe for the Record-Herald.

IT LOOKS LIKE CURRY WILL BE NEXT CORONER

Bert Curry was in Pittsburg last evening interviewing the people in the interest of his candidacy for Coroner.

It now looks like Curry would be elected. The workingmen of Richmond are rallying to him strongly, inasmuch as they feel that Donnelly, who is connected with the San Francisco-Oakland Traction Company in the capacity of superintendent, is not fitted for the office of Coroner.

Curry was born right out here in the Clayton hills and is well known to all who have been in Contra Costa any length of time. All of his financial interests are in this county. He is an undertaker by profession, maintaining one of the finest parlors in the State; was Dr. Abbott's opponent four years ago, and is therefore a logical and fair candidate for the office.—Pittsburg Dispatch.

Have the Record-Herald follow you on your vacation.

IMPORTANT NOTICE!

To the Public:

The following letter from the Railroad Commission of the State of California is published for the guidance of all water consumers:

Railroad Commission of the State of California

File 627— August 21, 1918.

East Bay Water Co.
Ninth and Broadway,
Oakland, Cal.
Gentlemen:

In view of the extreme drought existing in this state during the present year, the largely increased demand for water by essential war industries, and the practical impossibility of securing additional pumping equipment because of war demands on equipment manufacturers, it has become necessary, as disclosed by our knowledge of the available water supply of your company, to take drastic action in eliminating all non-essential uses by your consumers.

We direct you to immediately discontinue the delivery of water for the irrigation of lawns and gardens, street sprinkling and and all other non-essential uses continue this in effect until further notice by this Commission. We require that you enforce this rule strictly and discontinue service to any consumer violating it.

We believe, from our investigations and detailed knowledge of your sources of supply, that the above curtailment of your delieveries will conserve a sufficient supply of water so that the quantity of water which you can deliver will be adequate to meet essential domestic and war needs. If necessary, however, further curtailment will be authorized.

Respectfully,

RAILROAD COMMISSION OF THE STATE OF CALIFORNIA,
Signed: By R. A. Pabst, Assistant Secretary.

East Bay Water Co.

Notice To The Public

6c Street Car Fare

The Railroad Commission of the State of California, because of the large increases of practically every item entering into its operating expenses, including labor, has granted this company a SIX (6) CENT STREET CAR FARE, which will be effective

WEDNESDAY, AUGUST 21, 1918

The Commission's order reads, in part, as follows:

"IT IS HEREBY ORDERED that the San Francisco-Oakland Terminal Railways be authorized to establish within twenty (20) days from the date of this order, a schedule of rates on the basis of six (6) cents, between the city limits of Berkeley, Alameda, Oakland, Piedmont, Emeryville and San Leandro, same to include transfer privileges for trips in the same general direction within the municipalities above mentioned. Additional fares to be charged on a basis of a six cent multiple instead of a five cent multiple, as now appearing, to points outside the former five cent zone, as shown on page six (6), Local Passenger Tariff No. 1-A, (C. R. C. No. 12) effective May 31, 1913, and filed with this Commission."

The Company realizes that a SIX [6] CENT FARE may at first occasion inconvenience to some of its patrons. It is hoped that the patrons of the Company will supply themselves with exact change before boarding cars, in order to cause as little confusion and delay as possible. It is the Company's aim to give good service and to properly care for its patrons in every way. Accordingly, conductors will be provided with pennies to make change for those who have not the exact fare. The Company hopes that its patrons will bear with them during the short period that it will take to accustom every one to the new rate of fare.

SAN FRANCISCO-OAKLAND TERMINAL RAILWAYS,
By W. R. Alberger, Vice-President and General Manager
